

Waste Management Initiatives @ Bahri Beautiful Country

Waste Management Initiatives

- ▶ To make BBC a self sustaining, greener, cleaner township.
- ▶ To make the township and the surrounding areas litter free.
- ▶ To segregate the generated waste at source and also separately so the waste generated doesn't affect the environment negatively.
- ▶ To make our air, water and land free of pollution and help us to lead a better quality of life.
- ▶ To make this project one of a kind.
- ▶ To liaison with villages & civic bodies to adopt healthy affordable and cleaner ways to reduce, recycle and reuse the resources.

“Waste”

Waste means “unwanted or unusable material, substances, or by-products” the synonyms are rubbish, refuse, litter, debris, dross, junk, detritus, scrap.
